

1) ~~Adjacency list~~ Adjacency list <sup>classmate</sup>

→ Adjacency matrix <sup>Date</sup>

Isomorph.

2) Floyd algorithm to dist. matrix

3) For every triplet, check if the distance of  $x, y$  is the smallest of  $x, y, z$

the distance of  $x, y$  is the smallest of  $x, y, z$

$A^n$
